

Outdoor Deicing Ribbon in action - “Seeing is Believing”

Nicosia, 8th March 2013

The photos below are from Nigata Japan where recently our AHT Outdoor De-icing Ribbon was installed by Mr Doron Lapidot and Mr Jonah Ikeda of GHT Japan in cooperation with Kameda Denki. We would like to dedicate these photos to all the people in the world who believed and trusted AHT and thank them for their support. We would also like to dedicate them to everyone who doubted us and thank them because their criticism made us better and stronger.
